

Scarritt Group, Inc. GDPR Statement

As an International Company, Scarritt Group is committed to adhering to the guidelines and regulations of the areas we serve. General Data Protection Regulation (GDPR) provides additional requirements for the collection and retention of Personal Users data in EU (European Union).

At Scarritt Group we are in the business of selling ourselves to our customers, not selling our customer's data to others. We do not collect, retain, or use any client data for any other purpose other than to ensure a successful outcome for our client's meetings. Upon completion of services, data is only retained as specified by regulatory guidelines, and only for the period of time defined, or alternatively, as has been specifically contracted by clients to retain for their archival purposes.

We utilize industry leading Information System Products and enforce Information System Data Protection policies to safeguard all internal Personal Information. Please contact privacyofficer@scarrittgroup.com with any questions or request for information.
